

Charter School rolls

Charter school enrolments as of 1 September 2026

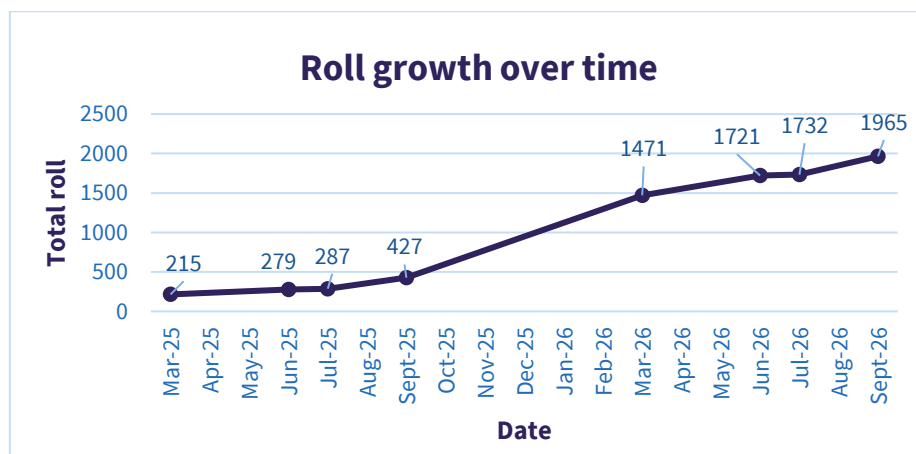

Charter school enrolments have increased by 1,750 students since the first schools opened in Term 1 2025

Total enrolments

	March 2025 roll return	September 2025 roll return	September 2026 roll return
Total enrolled students	215	427	1,965
Number of charter schools	7	8	19

Roll growth over time

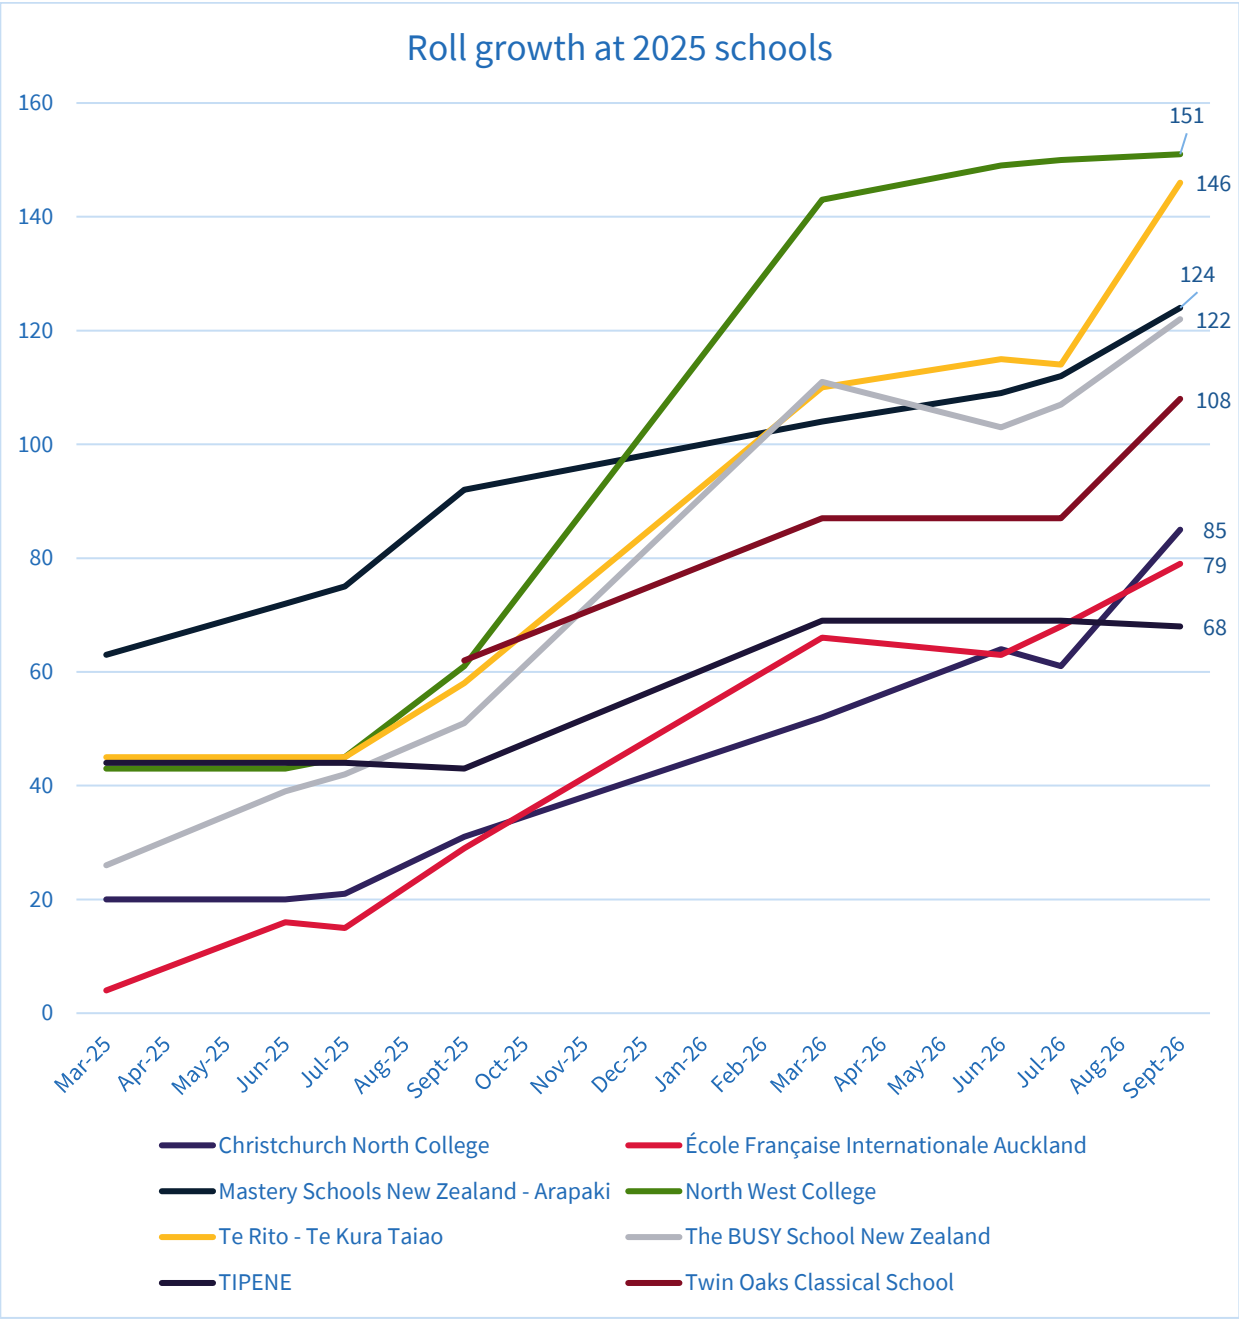

We saw the greatest increase in roll numbers in March 2026. This was the first roll return of the school year.

Roll growth at 2025 schools

We publish rolls for individual schools once they have been open for a year, or earlier if a school consents to us sharing that information.

The graph below shows roll growth over the last 18 months for all charter schools that opened in 2025. Note: Twin Oaks opened in Term 3 2025, so its first roll return was in September 2025.

Below are the first and most recent roll returns for each of the schools that opened in 2025 as well as their establishment roll*. All but Twin Oaks first roll returns were in March 2025.

School	First roll return	September 2026	Establishment roll
Christchurch North College	14	85	45
École Française Internationale Auckland	4	79	60
Mastery Schools New Zealand - Arapaki	63	124	150
North West College	22	151	140
Te Rito - Te Kura Taiao	45	146	55/110**
The BUSY School New Zealand	26	122	98
TIPENE	41	68	103
Twin Oaks Classical School	62 (Sept 25)	108	80/110**
Total	277	883	731/816

*The establishment roll is the number of students schools expect to have in their fifth term.

** Both Te Rito - Te Kura Taiao and Twin Oaks Classical School have updated their establishment roll as roll growth exceeded initial expectations within their first year.
